Dear Zoie,

I wanted to thank you personally for working as part of our team on the *Your Wedding Experience* show in Atlanta. This was our launch event and an extension of my brand so it was vital that we ran smoothly and treated all of our visitors and vendors with kindness and respect.

You did a great job working on all the Photo Opportunities. It was our first show so I am sure there were changes as the day went along and you took them all in stride. This is a difficult area to manage as people are excited to get their photo and you have to manage the chaos while still being kind and respectful to our guests.

The photo experience was one of the highlights of the event for some of our visitors so being treated so well and with enthusiasm has an impact on how they feel about our show in general. It was the exceptional customer service skills you brought to the table that was one of the factors for having a successful show.

I was very impressed with all of the Lovegevity Interns and congratulate you from graduating from such a remarkable organization.

With your customer service and organizational skills I am sure you will do very well as a wedding planner and I wish you much success.

Sincerely,
